

U. K. RUBBER WORKS

Crafting Rubber, Shaping Excellence

Est. 1991

About Us

Established in 1991, U. K. Rubber Works has earned a trusted reputation in the rubber industry. We take immense pride in our legacy of crafting precision rubber products with an unwavering commitment to excellence. Our skilled artisans and engineers, under the guidance of Mr. Uttam M. Birje, who brings 40 years of invaluable experience, meticulously craft rubber into a diverse range of products, including Expansion Joints, Hose Pipes, Rubber Bladders, Inflatable Pipe Plugs & Molded Rubber Products.

Our Vision

Our vision is to be the foremost partner for our clients, setting the standard for excellence in rubber products and solutions. We are committed to understanding and surpassing their unique needs, delivering unmatched quality, innovation, and reliability. Envisioning a future of enduring partnerships, we strive to be the trusted choice that consistently exceeds client expectations, driving success and satisfaction in every interaction."

Mission

At UK Rubber Works, our mission is to be the foremost partner for our clients by deeply understanding their unique needs and delivering unmatched quality in rubber products. We are dedicated to driving continuous innovation, building lasting partnerships, and ensuring reliability in every aspect of our business.

Values

- Trust
- Teamwork
- Integrity
- Customer Focused

Our Products

Rubber Expansion Bellows/Joints

Features

- Absorbs Axial, Lateral, Angular Torsional Movements
- Extra ordinary Resistance to Abrasion and Corrosion
- Reduce Vibrations
- Compensate for misalignment
- Improves thermal stability

**RUBBER EXPANSION JOINT
FIXED FLANGE**

**RUBBER EXPANSION JOINT
ROTABLE FLANGE**

**MULTIPLE ARC RUBBER
EXPANSION BELLOW**

**RUBBER EXPANSION JOINT
SPLIT FLANGE**

**RECTANGULAR EXPANSION
JOINT**

**WEAR SLEEVE EXPANSION
JOINT**

**TAPER/REDUCER EXPANSION
JOINT**

FLEXIBLE BELLOW

TAPER BELLOW

PTFE LINING RUBBER BELLOW

FABRIC EXPANSION JOINTS

SS EXPANSION JOINTS

LEATHER BELLOW

Industrial Hoses

Features

- Extra ordinary resistance to abrasion and corrosion
- Reduce Vibrations
- Flexible

Size: 1/2" – 28" I.D

Rubber: Silicon, Viton, Natural, Neoprene, EPDM, SBR, Butyl

Working Pressure: 3 - 25 bar

Application: Suction and discharge of Oil, Gas, Air, Water, Cement Mud etc

RUBBER HOSE (FIXED FLANGE)

RUBBER HOSE PIPE (BACKUP FLANGE)

RUBBER HOSE (ROTABLE FLANGE)

RUBBER HOSE PIPE (PLAIN END)

ASBESTOS HOSE

NICKEL HOSE

SS HOSE

Silicon Products

SILICON PRODUCTS

ID: Upto 28"

Pressure: Upto 18 bar

Polymer: 3 - 25 bar

Application: Suction and Discharge of Milk, Water, etc.

SILICON EXPANSION JOINT

SILICON BELLOW

SILICON HOSE

Moulded Rubber Products

RUBBER DIAPHRAGM

O RING

RUBBER GASKET

RUBBER BUSH

VACCUME CUP

HEX GASKET

MARINE FENDER

MOUNTING PAD

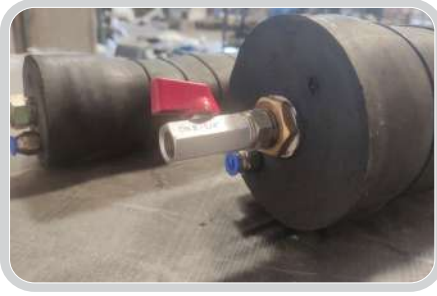

GROMET

Rubber Rollers

Bladders

INFLATABLE PIPE PLUGS

RUBBER BLADDERS

SQUARE BLADDERS

TANK BLADDERS

Inflatable Seals

Polymer: Epdm, Viton, Nitrile, Natural

Application: Door Gasket

Pinch Valve

Size: up 28"

Application: Flow Control

Polymer: Natural, Epdm, Viton
